Dalton, New Hampshire

Annual report for the year ending December 31, 2006

Dalton Town Warrant

You are hereby notified to meet at the Town Hall in Dalton, NH on Tuesday, the 13th day of March 2007, to act upon the itemized subjects to follow. The polls will open at 8 a.m. in the forenoon and will close at 7 p.m. The business meeting will be held at the Dalton School Gymnasium and will be opened at 7 o'clock in the evening.

1. To elect all necessary officers for the year.
2. To see if the Town will vote to raise and appropriate the sum of Six Hundred Seventy Seven Thousand Seven Hundred Sixty Two Dollars (\$677,762) for general Town operations.
3. To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand Dollars (\$25,000) to be added to the Highway Department Heavy Equipment Capital Reserve Fund previously established for the purchase and replacement of highway equipment. Selectmen recommend this article.
4. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000) to be added to the Sewer Pump Renovation and Replacement Capital Reserve Fund previously established. Selectmen recommend this article.
5. To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand Dollars (\$25,000) to be added to the Fire Department Major Vehicle Equipment Capital Reserve Account previously established for the purchase and replacement of fire equipment. Selectmen recommend this article.
6. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be added to the Police Cruiser Capital Reserve Fund Account previously established for the purchase of a new cruiser. Selectmen recommend this article.

7. To see if the Town will vote to raise and appropriate the sum of twenty five thousand dollars (\$25,000) to be added to the Highway Paving Capital Reserve Account. Selectmen recommend this article.

8. To see if the Town will vote to raise and appropriate Two Hundred Forty Two Thousand Dollars (\$242,000) for the purchase of a new Fire Department Pumper Truck (Engine). Two Hundred Twenty Nine Thousand Nine Hundred Dollars (\$229,900) will come from a 95/5 split Homeland Security Fire Act Grant. The remaining Twelve Thousand One Hundred Dollars (\$12,100) to be withdrawn from the Fire Department Major Vehicle Capital Reserve Account. This appropriation is null and void if the grant is not received. Selectmen recommend this article.

9. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000) to be placed in the Fire Department Major Vehicle Equipment Capital Reserve Account. Such funds to come from the 12/31/06 unreserved 2006 fund balance. Taxes will not be raised for this article. Selectmen recommend this article.

10. To see if the Town will vote to raise and appropriate One Thousand Dollars (\$1,000) to be added to the Pay Per Bag Replacement Expendable Trust Fund Account previously established for the repurchase of bags for the "Pay Per Bag" system. The source of these funds will be 25 cents from each bag sold. Selectmen recommend this article.

11. Tri-County CAP, Inc., North Country Elderly Programs request the Town of Dalton support the Senior Meals Program in the amount of \$215. Petitioned article. The Selectmen recommend this article.

352-07426

2006
C-2

12. To see if the Town will vote to raise and appropriate the sum of Four Thousand Five Hundred Dollars (\$4,500) for the purchase of Ballistic Protection Vests for the Police Department. 50% of the funds to be obtained from the federal matching vest program and 50% of the funds will be raised by taxation.

13. To see if the voters will vote to raise and appropriate the sum of One Thousand Six Hundred Fifty Dollars (\$1,650) to help support The Caleb Group Interfaith Volunteer Caregiver Program that serves the needs of elderly and disabled people in the community. The Selectmen recommend this article.

14. To see if the Town will vote to raise and appropriate the sum of Three Thousand Five Hundred Dollars (\$3,500) to have all the town property by the town hall, fire station and church surveyed.

15. To see if the Town will vote to raise and appropriate the sum of Seven Hundred and Fifty Dollars (\$750) for Ammonoosuc Community Health Services Inc. (ACHS), a non profit community health center offering a network of affordable primary health services. Petitioned article. The Selectmen recommend this article.

16. To see if the Town will vote to raise and appropriate the sum of \$1,136 as the town's contribution to the White Mountain Mental Health and Common Ground, programs of Northern Human Services, serving the mental health and developmental service needs of Dalton residents. Petitioned article. The Selectmen recommend this article.

17. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to take whatever steps are necessary to repair the town hall and eliminate the mold issue.

18. To see if the Town will vote to raise and appropriate the sum of Six Hundred Ninety Five Dollars (\$695) for Dalton's contribution to the Mount Washington Regional Airport.

19. To see if the town will go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of Dalton.

These actions include:

1. Establishment of a national program requiring reductions of U.S. greenhouse gas emissions while protecting the U.S. economy.

2. Creation of a major national research initiative to foster rapid development of sustainable energy technologies thereby stimulating new jobs and investment.

In addition, the town of Dalton encourages New Hampshire citizens to work for emission reductions within their communities, and we ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation, to the President of the United States, and to declared candidates for those offices.

20. To transact any other business that may legally come before the meeting.

Brian Hardy
Victor St.Cyr

SELECTMEN'S REPORT

The year 2006 was one of transition as two town officials with more than 55 years of combined service to the Town of Dalton stepped down for health reasons.

Dean Sweeney gave countless hours of service to the town during 18 years as Selectmen. He served on the planning board, and was a volunteer fire fighter. Mr. Sweeney continues to be active in town affairs. Michael Crosby, retired Derry, NH fire chief, was appointed by the Board to fill the vacancy. Mr. Crosby's management and administrative skills have proved invaluable. He also serves on the Riverbend Subcommittee of the Connecticut River Joint Commission.

Charlie Packard stepped down as fire chief after 38 years of dedicated service. Mr. Packard will continue as Town Moderator responsible for the annual town meeting and elections supervision. Brett Hucksoll has been appointed to succeed Mr. Packard.

This past year saw the passing of former Selectmen Ray LaCroix who was also a fire fighter.

The coming year presents difficult, but manageable, challenges. A serious mold problem at the town office building required relocating the administrative staff to the first floor. A certified industrial hygienist hired by the town confirmed high mold counts were likely caused from surface and groundwater leaking through the floor and foundation. The expert identified specific problems areas. Thanks to the Highway Department led by Bob Wentworth with the assistance of Police Chief John Tholl, the staff was relocated and the town has a cleanup and restoration plan that should cost no more than \$10,000. Thanks to all for your cooperation in this difficult time.

The mold problem at the town offices dovetails with the possible conveyance of the former Riverside Grange Hall to the town by current owner Mr. William Abbott. If acquired through Mr. Abbott's donation, the structure would have to be moved onto town property at considerable cost. The acquisition could be important to the town for a number of reasons as it would provide the town with much needed floor space while at the same time preserving an irreplaceable piece of Dalton history. Portions of the building could be leased for a day care center or other business to defray maintenance costs.

An inspection of the Grange building by the N.H. Preservation Alliance resulted in the town receiving a modest grant to evaluate the project. The Board will form an *ad hoc* committee to make recommendations.

The Town agreed to arbitrate a tax case with Dalton Hydro, the town's largest single taxpayer. After making significant good faith concessions to Dalton Hydro, which purchased the facility and paper mill at a bankruptcy auction, the firm has decided to sue. The case goes to trial in March after town meeting.

Relatively low land costs, the town's rural qualities and our proximity to Littleton, have spurred significant growth as Dalton continues to be a destination community. Rapid growth brings opportunities for some and challenges for others. Growth management may require the adoption of some form of zoning, particularly along river ways and ridge lines if the town's rural character is to be preserved. Your input is needed.

Other projects and issue to be addressed this year:

- management of escalating employee health insurance costs;
- installation of culverts and the modest realignment of Cross Rd;
- clean up of blighted properties, particularly junk cars;
- ratification of a cable television franchise agreement, and
- ensuring that a NHDOT plan to replace the Rix Brook culvert on Route 135 prevents a flood hazard and protects the environment.

Except for holidays, the Selectboard conducts business at the town offices on Mondays at 6 PM. The public is always welcome.

Our sincere thanks to town employees, department heads, committee members and the many volunteers who help make Dalton a special place to live.

Respectfully submitted,
Brian R. Hardy, Chair
Victor St. Cyr
Michael Crosby

CONSERVATION COMMISSION REPORT

The Dalton Conservation Commission (DCC) continued its role as a resource for the Town's citizens and Town government in matters concerning Dalton's natural resources in 2006. Several Townspeople received assistance in filing State required wetland permits for installing or replacing culverts, building ponds, and developing or working around shoreline of the Town's streams, rivers and lakes. Many of these forms are available in the Town office and as in the past, information resources are available in the Town library. We would like to thank those people who have contacted us for information and assistance. It is a pleasure to work with all of you.

In the spring of 2006, DCC hosted a public informational meeting presented by Sandra Crystall of NHDES on when, and how to file wetland permits. The Commission also requested that Dalton be included among the 9 towns along the Connecticut River that were targeted for a Functional Wetlands Assessment study funded by the Mitigation and Enhancement Fund and performed by Watershed to Wildlife and North Country Council. Watershed to Wildlife presented their findings in Dalton at a public informational meeting in November. The study ranked town wide wetland complexes greater than 2 acres. The findings revealed 5 wetlands that are significant in value to qualify for status as Prime Wetlands should the Town wish to pursue registering them as such. Why is this information and conservation of our wetlands so important? Wetlands act as a sponge for flood control, a filter for water quality and habitat for many species of plants and wildlife.

The Commission is working on a draft Conservation Plan for Dalton. The plan will help to guide the future ecological health of our community using information from our Natural Resource Inventory conducted in 2005 and based on the responses received from the 2004 community survey of Town conservation goals conducted for the Town's updated Master Plan. Are you aware that in the 2004 survey the following question: Is conserving open spaces (fields, forests, wetland, scenic area, mountaintops, hilltops) important to you?, was responded to by 256 Townspeople with 189 yes responses? The conservation plan will also aid in planning for development and economic growth within the Town. DCC will be seeking public input for the plan through public forums in 2007 and looking to have citizens vote to adopt the plan in 2008.

We hope that periodically folks will contact members of the DCC for schedules of public informational presentations that the commission may be hosting during 2007.

Present members of the DCC are Michael Crosby (Chairman), Helen Delage (Vice Chairman), Rebecca McVetty (Treasurer/Secretary), Edward Tomashek (Training and Public Education Coordinator), and Nancy Comeau (Alternate). We remind you that the Commission can consist of 5 members and 2 alternate members. Anyone interested in the process of becoming a member can contact the Commission through the Town office. There are numerous training opportunities available to new members. All meetings are open to the public and the Commission encourages input from all Town citizens.

Respectfully submitted, Michael Crosby, Chairman

DALTON FIRE DEPARTMENT ANNUAL REPORT

The Dalton Fire Department had a busy year in 2006. We responded to 34 calls. We responded to 12 car accidents, 5 power lines down, 6 chimney fires, 2 minor structure fires, 1 camper fire, and 9 mutual aid calls for surrounding towns. Unfortunately we did have one fatal fire at the end of the year; it was an unreported camper fire that was found about 12 to 15 hours after it had started and burnt itself out.

On July 1 2006, Chief Charlie Packard retired from the Dalton Fire Department and the fire service after 37 years of service. Charlie will be missed but not forgotten. On September 18, 2006 Lieutenant Brett Hucksoll was appointed as the new Fire Chief and Firefighter Mark Jacobs was appointed as the new Lieutenant on December 5, 2006. The new slate of officers is as follows: Chief, Brett Hucksoll; Asst. Chief, Aaron Packard; Captain, Bob Wentworth; Captain, Tom McVetty; Lieutenant, John Bean; Lieutenant, Mark Jacobs. There will be business cards left in the town hall, Dalton fire station, and the Top of the Hill Store with a list of the Dalton Fire Officers and phone numbers to include who can issue burn permits.

The Dalton Fire Department has a roster of 18 firefighters with 16 of them being New Hampshire certified. The Fire Department meets on the first (1st) and third (3rd) Tuesdays for training and meetings at 7:00 pm. We are always looking for new members to join. Just drop by on one of these nights or contact a Dalton Fire Department member.

I would like to thank all the members of the Dalton Fire Department, Highway Department and the Dalton Auxiliary for their support and hard work.

Fire Prevention Suggestions

I would like to remind everybody to keep all of your doorways clear of snow and ice during the winter months. I would also like to remind everybody to check and change the batteries in your smoke detectors in the spring and fall, and to have your furnace cleaned and serviced prior to the start of winter. If you burn wood you should have your chimney, wood stove, and stove pipes cleaned and inspected at least once a year.

The Dalton Fire Department's goals for 2007 will be to update the fire prevention program and to have an open house and barbeque.

Respectfully submitted,
Brett Hucksoll, Fire Chief

2006 HIGHWAY DEPARTMENT REPORT

At the 2006 town meeting the warrant article was passed to replace our tired old International truck and the new 2006 International ten wheeler is a much needed and welcome addition to our fleet.

We had another productive year, working on ditching and drainage, as well as completing all the boom mowing that will be necessary for a few years. Patching and shimming of our paved roads continued and as always so did the grading and upkeep of our many non-paved roads in town.

The town crew has also been handling the upkeep of the town buildings. This year the highway garage was stripped and repainted. The fire station was repainted as well. The pump house will be in need of attention in 2007. The mowing around the town buildings was done by the highway crew also.

Calls with questions or concerns are always welcome. The number to call is 837-9821. Many thanks to all who call.

We are grateful for a safe productive past year and look forward to another in 2007.

Respectfully Submitted,
Robert C. Wentworth Jr, Road Agent

The winter reading program "WARM UP WITH A GOOD BOOK" was held during February. Children enjoyed stories, crafts and learning about winter animals. Saturdays were for stories and crafts. The library was decorated with penguins, snowmen and snowflakes. The summer reading program this year was entitled "TREASURE READING". This year children received a T shirt purchased through the State Library program.

Our Large Print books borrowed from the State Library have been a great help to expand this area of our collection. Every two months the collection changes with a variety of titles. For those patrons needing internet connections the library has a patron access computer system available during library hours. We also have FAX, copier and many reference and recreational materials for your use.

There were two book sales this year which resulted in many books donated and resold to benefit the library. The leftover books were donated to a used book company in Massachusetts. Our thanks to Abbott Rental for the free delivery of all the books. Plans are underway to have sales again this year in April and August. The Library participated in the Annual Silver Tea and sold homemade greeting cards and ornaments. We worked with the Ladies Aid again this year on the Annual Memory Tree program.

I attended the Public Library Association Conference in Boston for the first time and come home with all sorts of ideas, contacts and freebies. In fact, I estimate that I received over \$500 worth of free books and audios for the library. Each year the State Librarian and a representative from NHLA attend Library Legislative Day in Washington, DC. This year I attended the annual meeting as the President of the Association. One of the main purposes of the trip is to speak with the Senators and Congressmen for support of the Presidents Budget that helps fund our State Library Services. Some of the things this fund pays for are the van delivery and the online databases available to all residents of the state. Along with the Trustees, I attended the Library Trustees Association (NHLTA) Conference; and several state and local library related meetings throughout the year.

The activities and happenings here are accomplished with the help of the many volunteers that provide time, assistance and money. We thank all who have been so generous with their donations, and gifts to the Library.

Respectfully submitted,
Doris Milton, Librarian

POLICE DEPARTMENT REPORT

2006 has been another year of change for the Police Department. In late August Sgt. Marcel Deveau notified the department that he would be unable to cover any shifts for the remainder of the year as he had run out of hours (part-time officers can only work 1300 hrs./year) and needed the few hours he had remaining to work for the Coos Sheriff's Department. He submitted his resignation effective December 31st.

On December 4th two new officers were sworn in as Special Officers. They are Kayla Audit and Joshua Lee, both officers are currently enrolled in the New Hampshire Police Standards and Training Academy. During the first week in January a third new officer was added. He is David Fleming of Dalton, a retired NYPD officer. He is currently undergoing field training and will attend the next session of the Academy.

There were two promotions to the rank of Sergeant, Corporal John St. Martin and Officer Mario Audit, and the rank of Corporal was abolished.

Calls for Service	33	Fires	2

The Police Department would like to remind all Dalton residents that all **non**-emergency calls should be made to the Department using 837-2703. If you do not wish to leave a message or need a more timely response then please call Troop F at 846-3333 (they are the Dispatch Center for the Police Department) and they will contact the on duty officer. For ALL **EMERGENCIES DIAL 911** and you will have the required service dispatched to assist you.

Respectfully submitted,
John E. Tholl Jr,
Chief of Police

EMERGENCY MANAGEMENT

This has been another year of challenges for Dalton. The Dalton Emergency Management Office received a grant in the amount of nearly \$6,000 to purchase and equip the Emergency Operations Center with a state of the art digital radio that included a fully functional remote in the town office. Unfortunately the town was confronted with an emergency that no one could have foreseen, the contamination of the Town offices with mold. Fortunately the **EOC** was available to temporarily house several portions of the town offices. This temporary relocation has only been made possible by the foresightedness of the citizens of Dalton that allowed the creation of the Dalton **EOC**. Hopefully once this problem has been addressed the town and the **EOC** can return to their primary mission.

Respectfully submitted:
John E. Tholl Jr, Dalton EMD

Planning Board

In 2006 the Dalton Planning Board had eight subdivisions brought before it. All eight of these plans were given final approval. Some of the plans needed to have multiple hearings as the original presented plan did not meet the town subdivision regulations.

This year we had to say farewell to our ex-officio member. Dean Sweeney decided to resign from the board for personal reasons. His knowledge of the town and issues the Planning Board faced will be a great loss.

This year the Planning Board purchased a lap top computer. We are still working on getting all programs and hardware properly installed but we are almost there. This lap top comes in handy at our meetings. We are able to print off applications at the meeting and have our draft minutes finished before we leave the building. We will be able to install the latest copy of the state statutes on the machine for easier retrieval at meetings. We are also able to have a copy of the Natural Resource data that the Conservation Commission along with Watershed for Wildlife compiled. This allows the Planning Board to have the data available to help prevent issues that might arise when the plan is attempted to be implemented.

As we try to every year, the Planning Board attended training sessions. We feel that with the growth that Dalton is facing, we need to keep on top of the regulations and how we can enforce them to maintain the quality of life in Dalton.

Finally we request that any resident who has an interest in the Planning Board please come join us at our meetings. We are looking to fill two alternate positions. We are also always open to public opinion on any particular hearing as well as any general situations that might arise.

Respectfully submitted,
John Letson, Chairman

THE MERCIER GROUP INDEPENDENT AUDITOR'S REPORT

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Dalton, New Hampshire as of and for the year ended December 31, 2006, which collectively comprise the Town's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards that are generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Town of Dalton, as of December 31, 2006, and the results of its operations and the cash flows of its private-purpose trust funds for the year then ended in conformity with generally accepted accounting principles.

Management has not presented a management's discussion and analysis of the financial statements. Although it is not required to be part of the basic financial statements, United States generally accepted accounting principals considers it required supplementary information.

Our audit was performed for the purpose of forming opinions on the basic financial statements taken as a whole. The accompanying schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

Caleb Interfaith Volunteer Caregivers

The Caleb Interfaith Volunteer Caregivers, a not-for-profit organization, which was established in October of 1995, continues to provide services to older adults in 8 northern New Hampshire communities. Caleb's heartfelt mission is to enhance independent living for the elderly, infirm and homebound by relieving isolation and assisting with friendly visits, care and supportive services through a network of volunteers and the fostering of caring communities.

In 2006, Caleb Caregivers assisted 290 Bethlehem, Dalton, Groveton, Jefferson, Lancaster, Littleton, Twin Mountain and Whitefield seniors. Over \$52,622.41 worth of services were provided **FREE** to our clients. Caleb's 82 active volunteers donated over 2,674 hours and drove over 23,187 miles to help their older neighbors remain independent! Without these dedicated volunteers, Caleb would not exist. These volunteers give their time, their talents and most of all their hearts. Transportation to medical appointments, and for running errands, is one of the most requested services through Caleb. Caleb Volunteers made 1,383 trips this year. Of these trips 98 were long distance, taking seniors to Dartmouth Hitchcock Medical Center, North Conway, Manchester, Concord, White River Junction, and St. Johnsbury, to name a few. It costs \$1.75 per mile to take a ride in a local taxicab, and Caleb's rides are provided **free of charge**.

Transportation is only **one** of the services that Caleb volunteers provide. Caleb volunteers provide other services as well; friendly visiting, telephone reassurance, help with chores, paperwork and light housekeeping are to name a few. Caleb volunteers also assist with various community programs, such as the Commodity Supplemental Food Program. This State program is available, every other month, to New Hampshire seniors that are 60+, and that financially qualify. Caleb volunteers help distribute this food to seniors, who are totally homebound. Caleb continues to work with various pet organizations, regarding Caleb's Pet Food Project. Since this project began, in October of 2002, Caleb has given out over 6 tons of **FREE** pet food/litter to help seniors feed their pets! Last but not least, Caleb still provides training for seniors who want to learn how to use computers. Without the various services that Caleb provides, many older adults who need just a little extra help to continue living independently, might have had to go into a nursing home. The average cost of nursing home care is \$200.00 per day.

There are no fees for the services that are provided by the Caleb Caregivers. The program is funded through grants, fundraisers,

donations and generous appropriations of the towns in which the services are provided. We want to thank the residents of Dalton for their support and for making it possible for us to continue to provide these much needed services to the area's elders. The \$1,650 appropriated at last year's Town Meeting was greatly appreciated, and we ask for your continued support in 2007.

Volunteers are always in great demand, so if you would like to become a volunteer, request a volunteer, or know someone who would benefit from our services, please call the Caleb Office at 837-9179, or contact anyone on the Board of Directors. Caleb is also looking for that special someone to represent the Town of Dalton's senior population and sit on our Board of Directors. If interested please give us a call.

Neighbors helping neighbors, is what Caleb is all about, and it is what North Country residents are all about, too!

Respectfully submitted,
Bobbie Gaudes

LUNENBURG, GILMAN, CONCORD SENIOR COMMUNITY SERVICE CENTER REPORT

The Senior Center, independently run, is located on Riverside Avenue in Gilman, Vermont.

Our kitchen served 10,500 meals this year to people 60 years old and their spouses. This includes home bound deliveries in Lunenburg, Gilman, Concord, and Guildhall. Congregate and Homebound meals are served Tuesdays-Fridays at 12:00 noon. Homebound meals are delivered by volunteers, with their vehicles. The Area Agency gives them a mileage reimbursement. An advocate from the Area Agency on Aging for Northeastern Vermont, located in St. Johnsbury, is available to help people with food stamps, fuel assistance, Social Security, and Medicaid/ Medicare. Volunteers are available to help with tax rebates, and companionship. Information about these programs is available by calling the Area Agency on Aging at - 1-800-642-5119.

The Center sponsors many events that are open to the public. The Center now has Bingo each and every Monday at 6:30 in the evening. We have had a nice group each week and we are happy to say that a good time has been had by all.

We had a "walk for health" program this last summer that was well attended and very enjoyable.

The fourth Thursday of each month is "Bookmarks" at the Alden Balch Library in Lunenburg. Programs, books and refreshments on special occasions are available through this program.

Also available is the Commodities Supplemental Food Program (CSFP) which is for people over 60 years old or older. This is delivered in the parking lot the 2nd Friday of the month for information please call the Area Agency on Aging at 1-800-642-5119 or the Food Bank for an application at 1-800-241-4648.

The Emergency Food Assistance Program (T.E.F.A.P.) is another service the Senior Center offers through the Vermont Food Bank to income eligible families, regardless of age, Volunteers inventory, bag, and distribute the food approximately the 3rd week of each month. For assistance, either stop by the Senior Center Tues-Fri or call (802) 892-6616.

Our famous "Boutique" is open Tuesday through Friday 9:00 am to noon or by appointment. Clothing donations are gratefully accepted.

Continued community support for the center will go a long way to help keep services for the elderly available, where and when it is needed. We are always in need of volunteers to help keep our

programs going.

This year we finally realized our roof project being completed. The work was finished in July by Carl Dunn and his crew from Whitney roofing in Littleton. They did an awesome job!! The monies were gotten over a three year period, from grants that we applied for from the State and the U.S.D.A. We had to apply for a loan to finish out the needed amount.

The Center will be getting a grant from Bernie Sanders office at some point so that we can start some very much needed renovations and repairs. We have lots of ceiling and wall damage from the years of the rook leaking. We hope we hear something soon so we can get started.

We have had a lot of furnace boiler repairs this year that have been very costly, as well as pipe repairs throughout the center.

For more information please call (802) 892-6616.

I respectfully thank you for all considerations that you give our Senior Center.

Edward G. Wheelock, President/Chairman

Weeks Medical Center-Home Health and Hospice is grateful for the opportunity to serve the residents of Dalton and greatly appreciates your continued support and confidence. Town funding is critically important and is used to assist families and individuals who are unable to pay for Home Health and Hospice Services and to support care where funding does not cover direct costs.

Our Home Health and Hospice Services continue to provide Dalton residents with a wide range of services. Weeks Home Health and Hospice provides continuity of health care from the hospital to patients' homes. Services include skilled nursing; physical, occupational and speech therapies; licensed home health aids; homemakers; medical social services; intravenous therapies and care to the terminally ill.

—Our Medicare Certified Hospice program continues to provide excellent palliative care to the terminally ill. Weeks Hospice is a special kind of holistic care... focusing on the emotional and spiritual needs of the family, as well as the physical needs of the patient at the end of life. No one is refused care based on an inability to pay. Over the last year, an increasing number of hospice patients received care, support and love from our nurses, aides and volunteers. To celebrate their memory, a luminary service was held and many residents from area towns were in attendance.

Thank you for your continuing support and confidence.

This year the Riverbend Subcommittee updated the water resources chapter of the *Connecticut River Management Plan*, focusing on the many environmental and economic benefits of keeping floodplains open, shorelands protected from development, and vegetated riparian buffers growing along riverbanks to keep them stable, keep debris off floodplain fields, and to filter pollutants from water running off the land into the river.

The Subcommittee continues to carry out our obligation to provide information and assistance to the states, towns, and local landowners on projects near the river. We encourage towns to consider our *Plan* and to incorporate its recommendations when updating town plans and revising zoning ordinances.

Citizens interested in representing the town should contact the selectmen. The Riverbend Subcommittee is advisory and has no regulatory authority. The public is welcome to participate in our meetings, on the fourth Thursday evening of every other month, at Littleton Community House. A calendar, advice on bank erosion and obtaining permits for work in or near the river, and a summary of the *Connecticut River Corridor Management Plan*, is on the web at www.crfc.org/localaction.htm

Michael and Nancy Crosby, Dalton Representatives

White Mountain Mental Health Common Ground

This year White Mountain Mental Health has provided 401.75 hours of outpatient mental health services to 24 Dalton residents who were either uninsured or under insured. In addition Common Ground has spent 1 hour supporting citizens of Dalton with a developmental disability to live full lives.

The number of people accessing all of our services has increased. This year we have particularly noted a rise in calls to our 24-hour emergency service. At least one clinician is occupied full-time every day handling unscheduled emergency situations, and both a clinician and a psychiatrist are on-call nights and weekends to support local residents and local emergency rooms. The increase in night and weekend contacts has been notable; a 21% increase over 2005.

As citizens of a town from who we request financial support, you may wonder who uses our services and how your money is spent. Here are some examples:

A 42 year old woman referred to us by emergency room physician when no physical cause was found to explain her intense headaches. She has no health insurance.

A 7 year old child who constantly disrupts the class with his outbursts. His parents are in the process of divorcing.

A young woman whose husband was wounded in Iraq.

A 16 year old boy brought to the hospital after attempting suicide when his girlfriend broke up with him.

A 21 year old college student, who suddenly began hearing voices, became very paranoid and was unable to finish the semester.

A family with a severely developmentally disabled child for who we provide funds for periodic respite.

None of these people would have received services if we did not exist. None were able to pay for private care.

Perhaps you or your family have benefitted from our services. We are the "safety net" for North Country residents who are uninsured or under insured. The good news is that our towns support us to allow their residents to access services that are provided by highly competent mental health professionals at a fraction of the full cost. Additionally, our developmental services program, Common Ground, provides homes, jobs and support to more than 100 persons with a developmental disability.

As always, we thank you for continuing to help us make these services available.

Jane C. MacKay, Area Director

MOUNT WASHINGTON REGIONAL AIRPORT

During the year, the airport completed a major expansion and runway resurfacing project, capped by a community-wide ribbon-cutting ceremony in September. This project increased visibility and expanded the usability of the airport. The project itself contributed just under \$2 million to the local economy in the form of jobs for North Country residents and market opportunities for North Country businesses.

Annual traffic at Mount Washington Regional Airport was up by more than 30 percent compared to 2005. Notably, some four dozen trips to the airport involved chartered operations - a dramatic increase from prior years and proof that the work done to improve the airport is starting to pay off. Fuel sales (in gallons) in 2006 were up from the previous year, and have finally recovered to pre-9/11. While these numbers in and of themselves are positive, the underlying contribution the airport make to the region is what we as volunteer leaders view as most important.

In 2006, the airport continued to play an active role in the ongoing economic development in the North Country. At the same time, we continued to support recreational and educational endeavors throughout the region. And, we accomplished this as a result of the dedicated involvement of an all-volunteer organization and the local support of forward-thinking communities in our region.

In 2006, the airport served as a convenient gateway for new owners, management and clients of some of the North Country's largest tourism-based firms. It provided access for contractors, owners and management of other commercial endeavors - ranging from a rapidly expanding manufacturing concern to a newly acquired electronics retailer to a significant regional retail development project. Nearly 100 visits to the airport were self-described business trips.

We are proud to have kept the contribution rate flat again this year: 75 cents per capita. Also, we believe our efforts to boost revenue from increased fuel sales, more events at the airport and equitable user fees, and to tap volunteers to help manage the facility allows us to keep the town obligation stable, while still providing benefits to residents and businesses in each of our communities.

Please contact me at 444-1388 if you have any questions. Again, we value your participation, and look forward to serving the aviation needs of your residents and businesses for many years to come.
